Dear President Barack Obama.

R.E. Proposal for a Universal NGO, as a Children's charity bank and disabled relief scheme.

I am writing to you in connection with my own Trust, the Oisitrust, which was initiated last year. Within it I have a consultancy which is called "Disability, Access, & Children International Consultancy" which can be accessed through the oisitrust internet website ([www.oisitrust.org](http://www.oisitrust.org)) and also via facebook social networking site. The Trust was set up to enable children's rights and disability rights worldwide, and for war victims, and orphans.

Please find enclosed copies of correspondence with the Federal Reserve bank, various central banks, Unicef and other charities worldwide.

A further letter also passed to his Holiness the Dalai Lamai is also enclosed and you will see he is currently visiting Ireland and has paid pilgrimage to our national saint St Brigid in county Kildare [www.solasbhride.ie/](http://www.solasbhride.ie/).

As you are visiting Ireland in May of this year and have also enjoyed your pilgrimage to the great Buddha of Kamakura in Japan, a childhood return since your last visit when you were six years of age, I know you will be interested in this project to empower charities and children worldwide, with a new solution to end poverty.

Of course there are many healthy and happy children around the world, and life for them is as a Childs should be, happy and full of wonder, yet for the majority of the worlds poor, [life is not a fairytale or just a pleasant story](#) and every child has the right to grow up in peace, prosperity and happiness.

As for many charities for children and non “able bodied” people I have supplied details of how monies in theory, and as a human right, can be raised from financial institutions worldwide, they are available at (<http://www.sonas.lsaweb.net/>)

“In a country well governed, poverty is something to be ashamed of. In a country badly governed, wealth is something to be ashamed of”  
Confucius

“Successful charitable fund-raising has much in common with managing a business: It requires leadership, persistence, and creativity”.  
David Rockefeller

“Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbour as thyself. On these two commandments hang all the law and the prophets.” (Matthew 22:37-40)

“Finally new kinds of financial institutions can be created as required to cater to the financial needs of social business”  
Muhammed Yunus *Creating a world without poverty.*

A Simple and easily accessible solution which could alleviate poverty within a few weeks. Political objections cannot cite economic obstacles for economic change, but political will can make anything happen. A universal NGO, (non governmental organisation), a real peoples bank can make a real difference to the the United Nations Millennium Campaign.

Yours Sincerely.
